

Just to let you know that there are a few men in here with me that see the difference between mass media news and your newspaper, and they all came to the same conclusion. And that is that the Indian Life newspaper is all positive actions, nothing being reported about any harm to others or applying fear to the reader. It is unique to them and as for me, being in prison since the age of 19 now, all I've seen is what the worst a man can inflict on another. So to be introduced to your newspaper reminds me that I myself come from a people whose thoughts and ideas have not changed for thousands of years...
